Mission Statement

... To provide a security service that effectively deters crime and prevents incidents or damage, loss or harm to the people, property or premises that we protect...

... In the achievement of our mission, we will create, implement and follow these business values and work ethics...

...Listen to all concerned to ensure we get things right, first time, every time...

... Never stop seeking new ways of improving our business for the benefit of all those associated with it...

... Never stop seeking new ways of improving our quarterly training...

... Generate an acceptable return on investment thereby enabling growth and maintaining stability...

I will ensure those that operate within the business understand this statement and all associated policies and how they contribute to their effective implementation.

Yours faithfully
Irfan Khalid
President

COMPANY PROFILE

Door Sec

Who We Are ?

Doorsec is one of the largest security providers, established 1997 in London UK. After tremendous success and growth, we have expanded and opened our ME headquarters centrally in Dubai. UAE. Doorsec delivers the industry's highest quality security services based on one key element: investment in people. Through fair pay, excellent training, management support, we ensure our teams are keen, attentive and competent and dedicated to minimizing risk across your business. As well as redefining service quality, Doorsec delivers excellent value for money. We can help identify inefficiencies in your current security provision, re-engineer costly working practices, and suggest innovative technology solutions that reduce your staff overheads.

Our Vision & Strategy

In addition to strong management and leadership from the outset, it is important that Doorsec vision, philosophy and values are clearly stated. Since the Company has been formed on the basis that people are its foundation, it is a prerequisite that all employees feel "ownership" of the business. In order to achieve this, individuals must subscribe to Doorsec vision, which will enable them to carry out the basic service strategy from day to day. This service strategy will ultimately determine the most important principles for both meeting and exceeding the customer's expectations. The principles of great service provide the framework for this service strategy, with the Company identifying those principles

Overview

Doorsec Security LLC and its principals have been providing continuous security services to dozens of clients since 2012. We are proud to say, that as Doorsec continues to acquire new clients we also continue to hone our expertise and master the art of client satisfaction. As we grow, we remain committed to delivering consistently high-quality security officer, investigation, and surveillance services to our clients around the country. As part of our commitment to quality, we believe in a flat corporate structure that places only three (3) levels of management between our CEO and our On-Site Management. As a result, we remain easy to do business with and flexible enough to readily adjust to changes in your security requirements.
